

VOLUME 49 July-December 1996

DATE	ISSUE
JULY	1
AUGUST	2
SEPTEMBER	3
OCTOBER	4
NOVEMBER	5
DECEMBER	6

AUTHORS**Aguiar PS**

Acute hemorrhoidal disease: Is urgent hemorrhoidectomy warranted? 49(1):33

Allman DB

The use of an absorbable hemostat in the management of a penetrating injury to the kidney. 49(6):357

Amar AP

Applications of topical hemostatic agents in neurosurgery. 49(6):353

Amid PK

Technique facilitating improved recovery following hernia repair. 49(2):62

Ariyan S

Anterior abdominal wall reconstruction with the external oblique muscle flap following TRAM flap surgery. 49(5):289

Arnold MW

Acute hemorrhoidal disease: Is urgent hemorrhoidectomy warranted? 49(1):33

Baker M

Bronchial carcinoid tumor: A retrospective review of 35 patients. 49(1):23

Bard RH

The hypotonic bladder. 49(5):277

Baue AE

Perforated lobar nephritis: A previously unreported cause of portal venous gas. 49(2):87

Bidair M

Ogilvie's syndrome after distal ureterectomy: Diagnosis and treatment. 49(3):148

Bland KI

Symposium: Management of ductal carcinoma in situ and lobular carcinoma in situ. 49(1):37

Brady MS

Primary aortoenteric fistula in the cancer patient. 49(5):284

Brower ST

Cholecystocholedochal fistula associated with the Mirizzi syndrome: Presentation, diagnosis, and surgical management. 49(3):131

Buell JF

Management of thoracic carcinoid tumors in the multiple endocrine neoplasia I population. 49(4):200

Capir B

Supernumerary ectopic parathyroid adenoma: Case report and literature review. 49(6):337

Colwell V Jr

Bilateral adrenal hemorrhage secondary to heparin therapy. 49(1):18

Cunningham JD

Cholecystocholedochal fistula associated with the Mirizzi syndrome: Presentation, diagnosis, and surgical management. 49(3):131

Czerniecki BJ

Management of thoracic carcinoid tumors in the multiple endocrine neoplasia I population. 49(4):200

Daly JM

Editorial comment: Mountains from moles. 49(5):274

Editorial comment: Seymour I. Schwartz, M.D., surgeon and scholar. 49(3):114

Davis JM

Guest editorial comment: The enormity of it. 49(4):185

Denning DA

A statewide review of male breast carcinoma. 49(2):71

Divino CM

Cholecystocholedochal fistula associated with the Mirizzi syndrome: Presentation, diagnosis, and surgical management. 49(3):131

Drezner AD

Bilateral adrenal hemorrhage secondary to heparin therapy. 49(1):18

Duffin TK

The use of an absorbable hemostat in the management of a penetrating injury to the kidney. 49(6):357

Earle GF

Bronchial carcinoid tumor: A retrospective review of 35 patients. 49(1):23

Eriksson E

Symposium: Management of cutaneous malignancies. 49(5):307

Forman D

Cholecystocholedochal fistula associated with the Mirizzi syndrome: Presentation, diagnosis, and surgical management. 49(3):131

Gayola G

Supernumerary ectopic parathyroid adenoma: Case report and literature review. 49(6):337

Gilroy A

The iliopubic tract: An essential guide in teaching and performing groin hernia repair. 49(4):219

Golub RW

Acute hemorrhoidal disease: Is urgent hemorrhoidectomy warranted? 49(1):33

Gonick P

Renal cell tumors with inferior vena cava involvement: Use of cardiopulmonary bypass and transesophageal echocardiography. 49(3):141

Gross J

Clinical concepts: The catfish sign: A relative contraindication to replantation. 49(3):136

Gupta N

Perforated lobar nephritis: A previously unreported cause of portal venous gas. 49(2):87

Hallok GG

Modern twists of 'archaic' pedicled flaps. 49(6):346

Handler BS

Perforated lobar nephritis: A previously unreported cause of portal venous gas. 49(2):87

Hayes JR

Supernumerary ectopic parathyroid adenoma: Case report and literature review. 49(6):337

Herrington JL Jr

Medical and surgical history: The surgical pioneers who developed total gastrectomy. 49(2):83

Hinder RA

Pitfalls in the surgical management of gastroesophageal reflux disease. 49(4):189

Isenberg JS

Anterior abdominal wall reconstruction with the external oblique muscle flap following TRAM flap surgery. 49(5):289

Clinical concepts: The catfish sign: A relative contraindication to replantation. 49(3):136

Jones J

Symposium: Postoperative pain management according to protocols at the University of Rochester. 49(2):91

Kamelgard J

Splenorrhaphy using oxidized regenerated cellulose in a case of adult blunt trauma. 49(6):365

Karpeh MS

Primary aortoenteric fistula in the cancer patient. 49(5):284

Katada N

Pitfalls in the surgical management of gastroesophageal reflux disease. 49(4):189

Kaups KL

Critical care management: Should this patient receive prophylaxis for stress ulceration? 49(4):237

Kerner BA

Acute hemorrhoidal disease: Is urgent hemorrhoidectomy warranted? 49(1):33

Khanduja KS

Acute hemorrhoidal disease: Is urgent hemorrhoidectomy warranted? 49(1):33

Kinne DW

Symposium: Management of ductal carcinoma in situ and lobular carcinoma in situ. 49(1):37

Klimberg VS

Symposium: Management of ductal carcinoma in situ and lobular carcinoma in situ. 49(1):37

Kraus MA

Pitfalls in the surgical management of gastroesophageal reflux disease. 49(4):189

Kuerer HM

Cholecystocholedochal fistula associated with the Mirizzi syndrome: Presentation, diagnosis, and surgical management. 49(3):131

Lee PC

Critical care management: Should this patient receive prophylaxis for stress ulceration? 49(4):237

Critical care management: Should this patient undergo tracheostomy? 49(1):29

Levy ML

Applications of topical hemostatic agents in neurosurgery. 49(6):353

Lichtenstein IL

Technique facilitating improved recovery following hernia repair. 49(2):62

Lin C

Analysis of correlations between the Singh index and bone mineral density. 49(4):211

Lipshy KA

A statewide review of male breast carcinoma. 49(2):71

Longo WE

Perforated lobar nephritis: A previously unreported cause of portal venous gas. 49(2):87

Love N

Symposium: Interdisciplinary management of breast cancer. 49(4):250

Lubensky IA

Management of thoracic carcinoid tumors in the multiple endocrine neoplasia I population. 49(4):200

Lund R

Pitfalls in the surgical management of gastroesophageal reflux disease. 49(4):189

Mahoney WD

Supernumerary ectopic parathyroid adenoma: Case report and literature review. 49(6):337

Mallouh C

The use of an absorbable hemostat in the management of a penetrating injury to the kidney. 49(6):357

Marks SC

The iliopubic tract: An essential guide in teaching and performing groin hernia repair. 49(4):219

Martin L

Symposium: Necrotizing fasciitis. 49(3):167

Mathes SJ

Symposium: Management of cutaneous malignancies. 49(5):307

Matos L

Symposium: Management of complex wounds. 49(6):369

Symposium: Necrotizing fasciitis. 49(3):167

McBride PJ

Pitfalls in the surgical management of gastroesophageal reflux disease. 49(4):189

McCloy C

Rectus abdominis and bilateral pectoralis muscle flap repair of sternal wounds. 49(3):123

McFadden PM

Rectus abdominis and bilateral pectoralis muscle flap repair of sternal wounds. 49(3):123

McGrath MH

Symposium: Management of cutaneous malignancies. 49(5):307

Metz S

Anesthesiology issues in general surgery: Retrograde endotracheal intubation: An underutilized tool for management of the difficult airway. 49(5):300

Minott M

An unusual case of deep venous thrombosis. 49(3):152

Morris RJ

Renal cell tumors with inferior vena cava involvement: Use of cardiopulmonary bypass and transesophageal echocardiography. 49(3):141

Nachbauer C

Bronchial carcinoid tumor: A retrospective review of 35 patients. 49(1):23

Namias N

Symposium: Management of complex wounds. 49(6):369

Symposium: Necrotizing fasciitis. 49(3):167

Niku SD

Ogilvie's syndrome after distal ureterectomy: Diagnosis and treatment. 49(3):148

Nwogu CE

Primary aortoenteric fistula in the cancer patient. 49(5):284

Ochsner JL

Rectus abdominis and bilateral pectoralis muscle flap repair of sternal wounds. 49(3):123

Osborne BJ

Ruptured splenic artery aneurysm in pregnancy. 49(4):225

Otsu I

Supernumerary ectopic parathyroid adenoma: Case report and literature review. 49(6):337

Page DW

The iliopubic tract: An essential guide in teaching and performing groin hernia repair. 49(4):219

Parnet JL

Anesthesiology issues in general surgery: Retrograde endotracheal intubation: An underutilized tool for management of the difficult airway. 49(5):300

Pass HI

Management of thoracic carcinoid tumors in the multiple endocrine neoplasia I population. 49(4):200

Perkins F

Symposium: Postoperative pain management according to protocols at the University of Rochester. 49(2):91

Pflum FA

Ruptured pyogenic popliteal cysts in patients with Lyme disease: Case reports and literature review. 49(4):230

Pitts WR Jr

The hypotonic bladder. 49(5):277

Pons RK

Acute hemorrhoidal disease: Is urgent hemorrhoidectomy warranted? 49(1):33

Prinz PT

Analysis of correlations between the Singh index and bone mineral density. 49(4):211

Raiser F

Pitfalls in the surgical management of gastroesophageal reflux disease. 49(4):189

Ravdin P

Symposium: Interdisciplinary management of breast cancer. 49(4):250

Rideout KH

Symposium: Postoperative pain management according to protocols at the University of Rochester. 49(2):91

Robert N

Symposium: Interdisciplinary management of breast cancer. 49(4):250

Robinson-Bridgewater LA

An unusual case of deep venous thrombosis. 49(3):152

Rogers AG

Bronchial carcinoid tumor: A retrospective review of 35 patients. 49(1):23

Rose REC

An unusual case of deep venous thrombosis. 49(3):152

Rutquist LE

Symposium: Interdisciplinary management of breast cancer. 49(4):250

Saha SP

Bronchial carcinoid tumor: A retrospective review of 35 patients. 49(1):23

Samantaray DK

Surgery in AIDS patients. 49(4):207

Samuels LE

Renal cell tumors with inferior vena cava involvement: Use of cardiopulmonary bypass and transesophageal echocardiography. 49(3):141

Sax H

Symposium: Postoperative pain management according to protocols at the University of Rochester. 49(2):91

Schmidt JD

Ogilvie's syndrome after distal ureterectomy: Diagnosis and treatment. 49(3):148

Schwartz AJ

Anesthesiology issues in general surgery: Retrograde endotracheal intubation: An underutilized tool for management of the difficult airway. 49(5):300

Schwartz SI

Editorial comment: Der andere mensch — The other man. 49(1):10

Editorial comment: Pain talk revisited. 49(2):57

Silverstein MJ

Symposium: Interdisciplinary management of breast cancer. 49(4):250

Singh M

Analysis of correlations between the Singh index and bone mineral density. 49(4):211

Singletary SE

Symposium: Management of ductal carcinoma in situ and lobular carcinoma in situ. 49(1):37

Sleeman D

Symposium: Management of complex wounds. 49(6):369

Symposium: Necrotizing fasciitis. 49(3):167

Sloane BB

Renal cell tumors with inferior vena cava involvement: Use of cardiopulmonary bypass and transesophageal echocardiography. 49(3):141

Snowdon B

Symposium: Management of complex wounds. 49(6):369

Symposium: Necrotizing fasciitis. 49(3):167

Sparkman RS

Medical and surgical history: Shakespeare is for the birds (with or without gallbladders). 49(4):241

Temeck BK

Management of thoracic carcinoid tumors in the multiple endocrine neoplasia I population. 49(4):200

Terezakis N

Symposium: Management of cutaneous malignancies. 49(5):307

Thomas S

An unusual case of deep venous thrombosis. 49(3):152

Trooskin SZ

Splenorrhaphy using oxidized regenerated cellulose in a case of adult blunt trauma. 49(6):365

Trotter MC

Rectus abdominis and bilateral pectoralis muscle flap repair of sternal wounds. 49(3):123

van Heerden JA

Guest editorial comment: Elva Dawkins remembered. 49(6):332

Vizzone JP

Ruptured pyogenic popliteal cysts in patients with Lyme disease: Case reports and literature review. 49(4):230

Walker C

Ogilvie's syndrome after distal ureterectomy: Diagnosis and treatment. 49(3):148

Walker ML

Surgery in AIDS patients. 49(4):207

Wantz GE

Medical and surgical history: Sir Astley Paston Cooper: A surgeon's hero. 49(3):161

Ward JN

The hypotonic bladder. 49(5):277

Wasserman EJ

Cholecystocholedochal fistula associated with the Mirizzi syndrome: Presentation, diagnosis, and surgical management. 49(3):131

Wheeler WE

A statewide review of male breast carcinoma. 49(2):71

Wise WE Jr

Acute hemorrhoidal disease: Is urgent hemorrhoidectomy warranted? 49(1):33

Wood W

Symposium: Interdisciplinary management of breast cancer. 49(4):250

Yelon JA

Critical care management: Should this patient undergo tracheostomy? 49(1):29

Yeston NS

Bilateral adrenal hemorrhage secondary to heparin therapy. 49(1):18

SUBJECTS

ABDOMEN

Anterior abdominal wall reconstruction with the external oblique muscle flap following TRAM flap surgery. 49(5):289

Symposium: Management of complex wounds. 49(6):369

ABDOMINAL SURGERY

The iliopubic tract: An essential guide in teaching and performing groin hernia repair. 49(4):219

Perforated lobar nephritis: A previously unreported cause of portal venous gas. 49(2):87

Technique facilitating improved recovery following hernia repair. 49(2):62

ABSORPTIOMETRY

Analysis of correlations between the Singh index and bone mineral density. 49(4):211

ACTINIC KERATOSIS

Symposium: Management of cutaneous malignancies. 49(5):307

ADENOMA

Supernumerary ectopic parathyroid adenoma: Case report and literature review. 49(6):337

ADRENAL HEMORRHAGE

Bilateral adrenal hemorrhage secondary to heparin therapy. 49(1):18

AIDS

Guest editorial comment: The enormity of it. 49(4):185

Surgery in AIDS patients. 49(4):207

AIRWAY MANAGEMENT

Anesthesiology issues in general surgery: Retrograde endotracheal intubation: An underutilized tool for management of the difficult airway. 49(5):300

AMPUTATION, DIGITS

Clinical concepts: The catfish sign: A relative contraindication to replantation. 49(3):136

ANALGESIA, POSTOPERATIVE

Symposium: Postoperative pain management according to protocols at the University of Rochester. 49(2):91

ANESTHESIOLOGY

Anesthesiology issues in general surgery: Retrograde endotracheal intubation: An underutilized tool for management of the difficult airway. 49(5):300

ANEURYSM

Ruptured splenic artery aneurysm in pregnancy. 49(4):225

ANORECTAL SURGERY

Acute hemorrhoidal disease: Is urgent hemorrhoidectomy warranted? 49(1):33

ANTIBIOTIC THERAPY

Symposium: Necrotizing fasciitis. 49(3):167

ANTIREFLUX SURGERY

Pitfalls in the surgical management of gastroesophageal reflux disease. 49(4):189

AORTOENTERIC FISTULA

Primary aortoenteric fistula in the cancer patient. 49(5):284

ARTERIAL ANEURYSM

Ruptured splenic artery aneurysm in pregnancy. 49(4):225

AXILLARY NODE DISSECTION

Symposium: Interdisciplinary management of breast cancer. 49(4):250

BASAL CELL CARCINOMA

Symposium: Management of cutaneous malignancies. 49(5):307

BILIARY TRACT DISEASE

Cholecystocholedochal fistula associated with the Mirizzi syndrome: Presentation, diagnosis, and surgical management. 49(3):131

BILLROTH, THEODOR

Editorial comment: Der andere mensch — The other man. 49(1):10

Medical and surgical history: The surgical pioneers who developed total gastrectomy. 49(2):83

BLADDER

The hypotonic bladder. 49(5):277

BONE DENSITY

Analysis of correlations between the Singh index and bone mineral density. 49(4):211

BREAST CANCER

A statewide review of male breast carcinoma. 49(2):71

Symposium: Interdisciplinary management of breast cancer. 49(4):250

Symposium: Management of ductal carcinoma in situ and lobular carcinoma in situ. 49(1):37

CARCINOMA

Bronchial carcinoid tumor: A retrospective review of 35 patients. 49(1):23

Management of thoracic carcinoid tumors in the multiple endocrine neoplasia I population. 49(4):200

Primary aortoenteric fistula in the cancer patient. 49(5):284

Symposium: Interdisciplinary management of breast cancer. 49(4):250

Symposium: Management of cutaneous malignancies. 49(5):307

CARDIAC SURGERY

Rectus abdominis and bilateral pectoralis muscle flap repair of sternal wounds. 49(3):123

Renal cell tumors with inferior vena cava involvement: Use of cardiopulmonary bypass and transesophageal echocardiography. 49(3):141

CHEST

Management of thoracic carcinoid tumors in the multiple endocrine neoplasia I population. 49(4):200

CHOLECYSTOCHOLEDOCHAL FISTULA

Cholecystocholedochal fistula associated with the Mirizzi syndrome: Presentation, diagnosis, and surgical management. 49(3):131

CLINICAL CONCEPTS

Clinical concepts: The catfish sign: A relative contraindication to replantation. 49(3):136

COLORECTAL SURGERY

Ogilvie's syndrome after distal ureterectomy: Diagnosis and treatment. 49(3):148

COOPER, SIR ASTLEY PASTON

Medical and surgical history: Sir Astley Paston Cooper: A surgeon's hero. 49(3):161

CRITICAL CARE MANAGEMENT

Critical care management: Should this patient receive prophylaxis for stress ulceration? 49(4):237

Critical care management: Should this patient undergo tracheostomy? 49(1):29

CUTANEOUS MALIGNANCIES

Editorial comment: Mountains from moles. 49(5):274

Symposium: Management of cutaneous malignancies. 49(5):307

DECUBITUS ULCERS

Symposium: Management of complex wounds. 49(6):369

DUCTAL CARCINOMA IN SITU

Symposium: Management of ductal carcinoma in situ and lobular carcinoma in situ. 49(1):37

EDITORIAL COMMENT

Editorial comment: Der andere mensch — The other man. 49(1):10

Editorial comment: Mountains from moles. 49(5):274

Editorial comment: Pain talk revisited. 49(2):57

Editorial comment: Seymour I. Schwartz, M.D., surgeon and scholar. 49(3):114

Guest editorial comment: Elva Dawkins remembered. 49(6):332

Guest editorial comment: The enormity of it. 49(4):185

FERGUSON TECHNIQUE

Acute hemorrhoidal disease: Is urgent hemorrhoidectomy warranted? 49(1):33

FISTULA

Cholecystocholedochal fistula associated with the Mirizzi syndrome: Presentation, diagnosis, and surgical management. 49(3):131

Primary aortoenteric fistula in the cancer patient. 49(5):284

FLAPS

Anterior abdominal wall reconstruction with the external oblique muscle flap following TRAM flap surgery. 49(5):289

Modern twists of 'archaic' pedicled flaps. 49(6):346

Symposium: Management of complex wounds. 49(6):369

FOURNIER'S GANGRENE

Symposium: Necrotizing fasciitis. 49(3):167

GALLBLADDER

Cholecystocholedochal fistula associated with the Mirizzi syndrome: Presentation, diagnosis, and surgical management. 49(3):131

Medical and surgical history: Shakespeare is for the birds (with or without gallbladders). 49(4):241

GASTRECTOMY

Editorial comment: Der andere mensch — The other man. 49(1):10

Medical and surgical history: The surgical pioneers who developed total gastrectomy. 49(2):83

GASTROESOPHAGEAL REFLUX DISEASE

Pitfalls in the surgical management of gastroesophageal reflux disease. 49(4):189

GROIN DISSECTION

The iliopubic tract: An essential guide in teaching and performing groin hernia repair. 49(4):219

HEMATOLOGY

Surgery in AIDS patients. 49(4):207

HEMORRHOIDAL DISEASE

Acute hemorrhoidal disease: Is urgent hemorrhoidectomy warranted? 49(1):33

HEMOSTASIS

Applications of topical hemostatic agents in neurosurgery. 49(6):353

Bilateral adrenal hemorrhage secondary to heparin therapy. 49(1):18

Splenorrhaphy using oxidized regenerated cellulose in a case of adult blunt trauma. 49(6):365

The use of an absorbable hemostat in the management of a penetrating injury to the kidney. 49(6):357

HERNIA REPAIR

The iliopubic tract: An essential guide in teaching and performing groin hernia repair. 49(4):219

Medical and surgical history: Sir Astley Paston Cooper: A surgeon's hero. 49(3):161

Technique facilitating improved recovery following hernia repair. 49(2):62

HISTORY OF MEDICINE

Editorial comment: Der andere mensch — The other man. 49(1):10

Medical and surgical history: Shakespeare is for the birds (with or without gallbladders). 49(4):241

Medical and surgical history: Sir Astley Paston Cooper: A surgeon's hero. 49(3):161

Medical and surgical history: The surgical pioneers who developed total gastrectomy. 49(2):83

HYPERBARIC OXYGEN THERAPY

Symposium: Management of complex wounds. 49(6):369

Symposium: Necrotizing fasciitis. 49(3):167

HYPERPARATHYROIDISM

Supernumerary ectopic parathyroid adenoma: Case report and literature review. 49(6):337

ILIOPUBIC TRACT

The iliopubic tract: An essential guide in teaching and performing groin hernia repair. 49(4):219

INFECTION

Surgery in AIDS patients. 49(4):207

INTUBATION

Anesthesiology issues in general surgery: Retrograde endotracheal intubation: An underutilized tool for management of the difficult airway. 49(5):300

KIDNEY

Renal cell tumors with inferior vena cava involvement: Use of cardiopulmonary bypass and transesophageal echocardiography. 49(3):141

The use of an absorbable hemostat in the management of a penetrating injury to the kidney. 49(6):357

LAPAROSCOPY

Pitfalls in the surgical management of gastroesophageal reflux disease. 49(4):189

LENTIGO MALIGNA

Symposium: Management of cutaneous malignancies. 49(5):307

LOBULAR CARCINOMA IN SITU

Symposium: Management of ductal carcinoma in situ and lobular carcinoma in situ. 49(1):37

LUNG TUMORS

Bronchial carcinoid tumor: A retrospective review of 35 patients. 49(1):23

LYME DISEASE

Ruptured pyogenic popliteal cysts in patients with Lyme disease: Case reports and literature review. 49(4):230

MALE BREAST CANCER

A statewide review of male breast carcinoma. 49(2):71

MASTECTOMY

A statewide review of male breast carcinoma. 49(2):71

Symposium: Management of ductal carcinoma in situ and lobular carcinoma in situ. 49(1):37

MELANOMA

Symposium: Management of cutaneous malignancies. 49(5):307

MEN-I

Management of thoracic carcinoid tumors in the multiple endocrine neoplasia I population. 49(4):200

MIRIZZI SYNDROME

Cholecystocholedochal fistula associated with the Mirizzi syndrome: Presentation, diagnosis, and surgical management. 49(3):131

MUSCLE FLAP REPAIRS

Rectus abdominis and bilateral pectoralis muscle flap repair of sternal wounds. 49(3):123

NECROTIZING FASCIITIS

Symposium: Necrotizing fasciitis. 49(3):167

NEOPLASMS

Bronchial carcinoid tumor: A retrospective review of 35 patients. 49(1):23

A statewide review of male breast carcinoma. 49(2):71

Symposium: Management of ductal carcinoma in situ and lobular carcinoma in situ. 49(1):37

NEPHRITIS

Perforated lobar nephritis: A previously unreported cause of portal venous gas. 49(2):87

NEUROSURGERY

Applications of topical hemostatic agents in neurosurgery. 49(6):353

NISSEN FUNDOPLICATION

Pitfalls in the surgical management of gastroesophageal reflux disease. 49(4):189

OGILVIE'S SYNDROME

Ogilvie's syndrome after distal ureterectomy: Diagnosis and treatment. 49(3):148

OSTEOPOROSIS

Analysis of correlations between the Singh index and bone mineral density. 49(4):211

PAIN MANAGEMENT

Editorial comment: Pain talk revisited. 49(2):57

Symposium: Postoperative pain management according to protocols at the University of Rochester. 49(2):91

PARATHYROID GLANDS

Guest editorial comment: Elva Dawkins remembered. 49(6):332

Supernumerary ectopic parathyroid adenoma: Case report and literature review. 49(6):337

PATIENT-CONTROLLED ANALGESIA

Symposium: Postoperative pain management according to protocols at the University of Rochester. 49(2):91

PEARLS

Practical pearls in surgery. 49(2):77
Practical pearls in surgery. 49(3):157
Practical pearls in surgery. 49(4):246
Practical pearls in surgery. 49(5):294

PEDIATRIC SURGERY

An unusual case of deep venous thrombosis. 49(3):152

POPLITEAL CYSTS

Ruptured pyogenic popliteal cysts in patients with Lyme disease: Case reports and literature review. 49(4):230

PORTAL VENOUS GAS

Perforated lobar nephritis: A previously unreported cause of portal venous gas. 49(2):87

PSEUDOTHROMBOPHLEBITIS SYNDROME

Ruptured pyogenic popliteal cysts in patients with Lyme disease: Case reports and literature review. 49(4):230

RADIATION THERAPY

Symposium: Interdisciplinary management of breast cancer. 49(4):250

Symposium: Management of ductal carcinoma in situ and lobular carcinoma in situ. 49(1):37

RECONSTRUCTIVE SURGERY

Anterior abdominal wall reconstruction with the external oblique muscle flap following TRAM flap surgery. 49(5):289

Modern twists of 'archaic' pedicled flaps. 49(6):346

RENAL CELL TUMORS

Renal cell tumors with inferior vena cava involvement: Use of cardiopulmonary bypass and transesophageal echocardiography. 49(3):141

REPLANTATION, DIGITS

Clinical concepts: The catfish sign: A relative contraindication to replantation. 49(3):136

SHAKESPEARE

Medical and surgical history: Shakespeare is for the birds (with or without gallbladders). 49(4):241

SINGH INDEX

Analysis of correlations between the Singh index and bone mineral density. 49(4):211

SKIN LESIONS

Symposium: Management of cutaneous malignancies. 49(5):307

SPLEEN

Ruptured splenic artery aneurysm in pregnancy. 49(4):225

Splenorrhaphy using oxidized regenerated cellulose in a case of adult blunt trauma. 49(6):365

STERNAL WOUNDS

Rectus abdominis and bilateral pectoralis muscle flap repair of sternal wounds. 49(3):123

STRESS ULCERATION

Critical care management: Should this patient receive prophylaxis for stress ulceration? 49(4):237

SURGICAL PEARLS

Practical pearls in surgery. 49(2):77

Practical pearls in surgery. 49(3):157

Practical pearls in surgery. 49(4):246

Practical pearls in surgery. 49(5):294

SYSTEMIC THERAPY

Symposium: Interdisciplinary management of breast cancer. 49(4):250

THORACIC TUMORS

Management of thoracic carcinoid tumors in the multiple endocrine neoplasia I population. 49(4):200

THROMBOLYTIC THERAPY

An unusual case of deep venous thrombosis. 49(3):152

Bilateral adrenal hemorrhage secondary to heparin therapy. 49(1):18

THROMBOSIS, VENOUS

An unusual case of deep venous thrombosis. 49(3):152

TRACHEOSTOMY

Critical care management: Should this patient undergo tracheostomy? 49(1):29

TRANSESOPHAGEAL ECHOCARDIOGRAPHY

Renal cell tumors with inferior vena cava involvement: Use of cardiopulmonary bypass and transesophageal echocardiography. 49(3):141

TRAUMA

Clinical concepts: The catfish sign: A relative contraindication to replantation. 49(3):136

Splenorrhaphy using oxidized regenerated cellulose in a case of adult blunt trauma. 49(6):365

Symposium: Necrotizing fasciitis. 49(3):167

The use of an absorbable hemostat in the management of a penetrating injury to the kidney. 49(6):357

ULCERS

Critical care management: Should this patient receive prophylaxis for stress ulceration? 49(4):237

UROLOGY

Ogilvie's syndrome after distal ureterectomy: Diagnosis and treatment. 49(3):148

The hypotonic bladder. 49(5):277

VENTILATORY SUPPORT

Anesthesiology issues in general surgery: Retrograde endotracheal intubation: An underutilized tool for management of the difficult airway. 49(5):300

Critical care management: Should this patient undergo tracheostomy? 49(1):29

VOIDING DISORDERS

The hypotonic bladder. 49(5):277

WOUND MANAGEMENT

Modern twists of 'archaic' pedicled flaps. 49(6):346

Rectus abdominis and bilateral pectoralis muscle flap repair of sternal wounds. 49(3):123

Symposium: Management of complex wounds. 49(6):369

Symposium: Necrotizing fasciitis. 49(3):167
